Dear Hiring Manager:

I was interested to see your job posting on Monster for Entry Level Front-end Web Developer, and would like to learn more about this opportunity. I read about your company in the website and feel my web design and development skills would add value to your company.

I am studying for a master's degree of Web Design & New Media at Academy of Art University, and I will graduate this coming May. My major is related with my former studies and experiences of Fine Art, Computer Programming, and Multimedia Technology, and I really like it. With school and personal projects, I am getting experiences of web and media skills such as UX/UI design, Front-end web development, and Back-end web development. I am also interested in multimedia works such as Graphic Design, Photography, and Video Editing. I have a passion for web and media technology.

The position could be related my major, and my studies and skills would be helpful to the position. I have a passion for web and media technology, so I believe I will make good experiences with your company.

Thank you for your time and consideration. I hope to have the opportunity to discuss the opening with you in person.

Sincerely,

Woo Hyun Chung

THANK YOU
